

EASTHAMPSTEAD PARK COMMUNITY SCHOOL

School Uniform Policy

Our aim at Easthampstead Park Community School is for students to present themselves in school ready to learn and to wear their uniform correctly embodying our shared values of 'Respect and Pride'.

If the school has concerns about a student's uniform the parent/carer will be contacted as it is their responsibility to ensure that their child is correctly attired for the school environment. Where appropriate school sanctions will be applied for students in incorrect uniform. All uniform is to be named as the school's lost property service displays unnamed items for 2 weeks and, if it is not claimed garments are washed and sent to charity.

Should there be an emergency with a student's uniform a note in the diary is expected, along with a resolution date.

A description of the uniform can be found at Appendix A

Physical Education Department Policy & Kit

Full PE kit must be worn for all PE lessons, clubs and training sessions.

Safe practice dictates that appropriate clothing and footwear are vital in the Physical Education environment. Students may only wear the kits as per the uniform list. See Appendix B.

We expect every student to be fully equipped for PE lessons in order to appreciate the value and benefit of physical activities. If students cannot participate in the PE lesson they should still bring in their kit and a letter or note from their parents/carers in their school diary; this should include the date, the reason for being excused and the likely length of the absence and must be signed by the parent/carer.

Those students who have been excused from physical participation will be expected to take an active role in the lesson as an official observer, recorder or critic. In this event we will still expect the student to change into full PE kit; the student's teacher will provide additional tools for learning.

Tools for Learning

All students are required to be fully equipped for their lessons. All items of stationery are available for purchase or order from the school's Copy Centre before morning tutor and during morning break. It is strongly recommended that students have a clear pencil case and a green pen.

Additional information:

Make Up

Make up is not permitted for students in Key Stage 3. Discreet make up may be worn by students in Year 9 and above, natural in look and suitable for a working environment; excessive eyeliner, heavily applied foundation, bright lipstick and or blusher, false eyelashes and bright or patterned nail varnish styles are not permitted. Nails may be coated with a clear nail varnish. Students will be asked to remove inappropriate make up and inappropriate nail varnish. Do not let your child bring make up, aerosols or perfume sprays to school as using these may trigger asthma attacks. Roll-on deodorants are permitted.

Jewellery

Please see the school's Jewellery and Body Piercing Policy March 2017 for full guidance but if in doubt do not wear it. All items are to be removed before participating in PE or PA lessons where the wearing of jewellery may be problematic and a Health & Safety risk.

Tattoos

It is illegal for children under 18 to obtain a tattoo with or without parents' consent. If tattoos are observed then the school will speak to parents/carers and inform police as an offence against a child has been committed. Post 18 the school understands that some tattoos can have a religious or cultural meaning and that banning tattoos could constitute discrimination on grounds of race, or religion or belief, which are protected characteristics under the Equality Act 2010. Therefore the school requests that tattoos are minimised and covered up, whenever practically possible to minimise any visual impact they may have. Any tattoos that could be interpreted as inappropriate and offensive must be under no circumstances visible due to the impressionable nature of younger students. We would advise any student post-16 considering a tattoo, to

consider that many employers insist that tattoos are covered and their choice of design and location of the tattoo may have an impact on their employability options in the future.
