

Dear Parent/Guardian/Carer,

Pathway CTM is a double award-winning social enterprise that works closely with schools and colleges around the country, helping students make the best decisions for their future.

We help students develop their employability skills by running virtual workshops designed to enhance their 'soft skills', and help them develop their knowledge of the current labour market by making them aware of opportunities for sponsored degrees, internships, apprenticeships and work experience from local and nationally recognized employers as soon as these programmes open. We can also help students with their applications.

We know how important you are in supporting your children through this important period of decision-making, therefore we want to involve you in this process by making you aware of the upcoming events and opportunities, so that you can encourage your children to attend/apply for those that may be helpful to them. We will do this via a monthly email newsletter which you can subscribe to below.

Please go to our website to subscribe to our mailing list!

https://pathwayctm.com/parents/#gform_wrapper_11

Please ensure your son/daughter has registered to our Programme, via our website, so they don't miss out on our upcoming opportunities tailored to their selected sectors.

For any questions please do get in touch.

Many Thanks,

Schools Team
