So, how can we help you?

1. You already know all about the school, the location (nearby) and a lot of the people here. Don't need to start all over again.
2. Subjects - your teachers know you and you know them. This means you can build on relationships. They know how you work best and make their lessons suit you more.
3. Your friends!

What else? Getting into uni, social events, finding an apprenticeship, mentor younger students, enrichment etc
