

EPCS End of KS4 Destination Data: 3 Year trend

We are extremely proud of our students and their next steps post-16 reflect their hard work and commitment. Over the last 3 years, an increasing number of our students make the decision to “stay close to go far” and become part of EPCS6. Other students make the decision to study at the local FE colleges to access vocational courses. A small but increasing number are starting to choose apprenticeships upon leaving school straight from GCSE’s.
