## Governing Board Newsletter 2021

### "Ambition and Challenge for all"

Issue 1 - 2021

#### Welcome

Welcome to our first Governing Board newsletter. We are sharing the governors' activities to keep our parents and community updated about our activities in school.

#### Chair of Governor's message

As the academic year ends, the Governing Body thanks the Headteacher, Senior Leadership Team, all teaching and non-teaching staff, site team, finance and admin staff at the school for their unwavering dedication and support during and beyond the circumstances we found ourselves in this year. All the initiatives implemented in school, from Bubbles to distance learning, have been well organised.

We thank the parents, carers and students for their support and all our stakeholders in the community for their resilience and commitment to the school. Thank you, stay safe and enjoy a well-deserved rest over the summer holidays. Rene Rastall.

#### Governing Board Changes

The Governing Board says goodbye to **Graham Ferguson**. We thank him for his hard work and commitment. He has made an invaluable contribution to the school community. We hope his time as governor was rewarding.

We wish him all the best in his future endeavors.

We welcome **Juliet Blakemore** to the Governing Board. Juliet had the following to say after her first few weeks, 'Having recently been appointed as a co-opted independent school governor at EPCS, I have really appreciated the high level of support and welcome offered by BFC, the Chair and fellow governors and the school management. They have all been a great help in taking on this new role and I am looking forward to making a positive contribution to the school.'

#### Governing Board Recruitment

We are currently appointing 2 Parent Governors and will keep you updated on their appointment. A parent governor is anyone who has: an interest in the

Here are some insights into our visits:

#### CrissCross2021 06.07.2021

**Governor: Mary Temperton**

I visited to share CrissCross Day. I shared the Army presentation with year 10 who then left to do confidence-building activities with Army personnel on the school field.

I watched a basketball game with year 9 and Bodger - a cross between pétanque and bowls - with other year 9 students, enjoying the quiet atmosphere in the gym. Mary Temperton.

#### Library Visit 26.05.2021

**Governor Jan Sumner**

I had the opportunity to visit school to sign agreed Student Support minutes this morning. There was also the opportunity to visit the Library and to view new displays in department corridors.

The displays are vibrant and informative, they are pertinent to the various departments. There are also a number of information boards reminding students of the school's motto 'Respect and Pride' and EPCS Character. The result is a vast improvement to the school environment both visually and educationally.

The Librarian should be commended for the improvements that have been implemented. The development of a breakfast club area with soft furnishings, audio books and some support from Waitrose is a great asset. I also saw a number of classes during the visit, students were engaged and on task.

I urge all my fellow governors if they have the opportunity to go and see our school in action and catch up what is happening on the ground. Jan Sumner.

It will give you the chance to make a real difference to young people, give something back to your local community and use and develop your skills in a board-level environment. You will also be joining the largest volunteer force in the country: there are over a quarter of a million volunteers governing state-funded schools in England. You can register your interest to become a school governor. Send your email to the [clerktothegovernors@epschool.org](mailto:clerktothegovernors@epschool.org). We look forward to hearing from you!
